Micro Technology Solutions, Inc. Achieves Express Security Specialization from Cisco USA

Fall River, MA– 7/1/16 – MTSi announced today they have achieved the Express Security Specialization from Cisco. The Express Security Specialization recognizes each resale channel partner focused on meeting the security needs of their customers.

“Cisco ASA with FirePOWER Services deliver an end to end security approach that will vastly increase the visibility into our customer's networks and allow us to better protect our customers with cutting edge defense technology.” – Jesse Cabral, CEO

To earn the Express Security Specialization, MTSi fulfilled the Cisco training and exam requirements. MTSi also met the personnel, training and post sales support requirements set forth by Cisco.

The [Cisco Channel Partner Program](#) helps our partners build the sales, technical and services skills required to deliver Cisco solutions and a customer’s business outcomes. Through the program's specializations and certifications, Cisco recognizes a partner's expertise in deploying solutions based on Cisco advanced technologies and services. Using a third-party audit process, the program validates a partner's technology skills, business practices, customer satisfaction, presales and postsales support capabilities, and other critical factors that customers consider when choosing a trusted partner.
