

Micro Technology Solutions, Inc Now an Enterprise Partner in the VMware Partner Network

September 15, 2015 — Micro Technology Solutions, Inc (MTSi) today announced that it has become an Enterprise partner in the VMware Partner Network. This achievement demonstrates MTSi's continued efforts in becoming an expert in VMware virtualization and cloud solutions. Further, MTSi has taken the necessary steps to ensure that both pre-sales and delivery technical engineers have met the level of expertise required to be an Enterprise-level partner.

"We are extremely excited to be a VMware Enterprise Partner," said Jesse Cabral, president and CEO, Micro Technology Solutions, Inc. "This is an awesome achievement for MTSi, and we are eager to continue implementing and optimizing VMware solutions with our mutual customers."

"VMware is pleased to recognize MTSi with Enterprise status, one of the highest partnership level within the VMware Partner Network," said Rima Olinger, senior director, Solutions Providers, Americas, VMware. "We value our relationship with MTSi and look forward to even greater success in the future."

As an Enterprise-level partner, VMware recognizes MTSi as a go-to solution provider that can deliver comprehensive VMware solutions and services to customers on the journey to cloud computing. Enterprise-level partners are among the most qualified partners in the VMware Partner Network and with this distinction, MTSi has demonstrated an expertise and the ability to best serve their customers' needs in data center solutions.

The VMware Partner Network is a comprehensive program that provides a common infrastructure, extensive sales and services tools, margin opportunities and industry-recognized training for the entire VMware partner ecosystem, including solution providers, technology partners and original equipment manufacturers (OEMs). The VMware Partner Network is designed to help ensure a more consistent and successful user experience as well as help partners increase their business potential by increasing their skills in VMware solutions. The program helps partners maximize their investments in VMware virtualization to provide customers with the best end-to-end virtualization solutions available.
