Emergency Preparedness

- We are now offering Curbside Pickup/Drop Offs. If you have hardware that you are picking up or dropping off please let us know and give us a call when you are outside. We will come out to your car.
- With the safety of our clients and employees in mind we will be avoiding any onsite appointments as much as possible. With that said we are still here to help our clients through this unfortunate time, do not hesitate to call us.
- If you are a Managed Service customer and your business hours are changing please let us know.
- Prepare your employees with the ability to work remotely. Reach out to us, we are here to help!

ANNOUNCEMENT: MTSi is now a Zoom Partner!

Zoom Video Communications offers a unified cloud-based platform for remote video conferencing services to businesses worldwide. One of the premier solutions in the market is Zoom, a communication software that combines mobile collaboration, chat features, webinars, video and audio conferencing, online meetings, and much more. With Zoom, businesses are able to create meeting environments with:

- Wireless content sharing
- Video and audio conferencing
- Integrated calendaring

Meeting environments that offer these three key features are referred to as Zoom Rooms. Zoom Rooms are ideal for any business. They allow for face-to-face meetings by creating video-enabled collaboration spaces. Furthermore, it is possible for businesses and organizations to hold product demonstrations and presentations without being in the same room.

Top Email Protections Fail in Latest COVID-19 Phishing Campaign

Threat actors continue to capitalize on fears surrounding the spread of the COVID-19 virus through a surge in new phishing campaigns that use spoofing tactics to effectively evade Proofpoint and Microsoft Office 365 advanced threat protections (ATPs), researchers have found.

Avoid Coronavirus Scams

Hang up on robocalls. Don't press any numbers. Scammers are using illegal robocalls to pitch everything from scam Coronavirus treatments to work-at-home schemes. The recording might say that pressing a number will let you speak to a live operator or remove you from their call list, but it might lead to more robocalls, instead.
